ABOUT RASIKH APPAREL

A Pakistan-based apparel manufacturing, private-label development and sourcing partner.

FROM DESIGN TO SAMPLE • FROM PRODUCTION TO DELIVERY

RASIKH Apparel works with brands, retailers, wholesalers and institutional buyers to develop custom garments around buyer specifications. Our expanded offer combines core knitwear manufacturing with woven garments, outerwear and layering, uniform programmes, workwear and buying-house/sourcing support through suitable partner suppliers where required.

- Private-label product development from design, reference garment or tech pack.
- Knitted and woven apparel programmes with custom fit, fabrics, trims and branding.
- Sample development and pre-production approval process.
- Custom labels, tags, packaging, barcodes and buyer-specific packing requirements.
- Quality control across stitching, measurements, material, colour, finishing and packing.
- Buying-house support for sourcing categories outside direct production scope.
- Worldwide shipping preparation and coordination for global destinations.

Our motto: Each Stitch Matters - a simple standard for the details that shape fit, durability, consistency and buyer confidence.

General commercial guidance

Item	General indication
MOQ	Starting from around 300 pcs per colour on selected products; lower quantities may be considered depending on style, fabric and customisation.
Sample lead time	Typically 7-10 working days for selected styles after specifications and material direction are clear.
Bulk lead time	Typically 30-45 days after sample approval and fabric confirmation, depending on product and order complexity.
Production capacity	Up to 1,000 pcs/day on selected knitwear programmes; other categories depend on article, factory route and specifications.
Shipping	Worldwide delivery / shipment coordination subject to buyer destination and freight arrangements.

Commercial note: All quantities, lead times, capacity and prices are indicative. Final quotation depends on product, fabric, GSM/weight, trims, decoration, packaging, quantity and delivery requirements.

PRODUCT RANGE AT A GLANCE

A broader catalogue built for fashion, uniform, workwear and sourcing enquiries.

Overshirts Heavier woven layering shirts for fashion and utility-inspired collections. TWILL • CANVAS • PATCH POCKETS • BUTTONS / SNAPS	Custom Woven Shirts Buyer-defined collar, placket, cuff, fit, pocket and trim development. TECH PACK DEVELOPMENT • PRIVATE LABEL • CUSTOM PACKAGING

Buyer note: Fabric composition, weight, print route and finishing are developed according to the design and order requirements. Availability is subject to sourcing and approval.

WOVEN TROUSERS & BOTTOMS

From relaxed linen styles to dress trousers and utility bottoms.

Linen Trousers Warm-weather trousers for resort, premium casual and summer collections. ELASTIC / DRAWSTRING • FLAT FRONT • TAPERED • STRAIGHT • RELAXED	Dress Trousers Smart woven trousers developed to buyer fit, measurements and finishing. REGULAR • SLIM • STRAIGHT • PLEATED • TAILORED LOOK
Loose-Fit Dress Trousers Modern relaxed tailoring with wider silhouettes and drape. WIDE LEG • PLEATS • HIGH / STANDARD RISE • RELAXED TAILORING	Relaxed / Loose Trousers Casual woven bottoms with easy silhouettes and comfort-led construction. ELASTIC WAIST • DRAWCORD • STRAIGHT / WIDE LEG
Chinos Commercial smart-casual trousers for retail, corporate and uniform use. COTTON TWILL • STRETCH TWILL • REGULAR / SLIM / RELAXED	Cargo Trousers Utility-inspired bottoms with functional pocket layouts. CARGO POCKETS • RELAXED FIT • ADJUSTABLE HEM • WORKWEAR CROSSOVER
Woven Shorts Linen, chino, casual and utility shorts. ELASTIC / DRAWSTRING • FLAT FRONT • CARGO • TAILORED	Uniform Trousers Repeatable coordinated trousers for school, corporate and institutional programmes. DURABLE FABRICS • SIZE ASSORTMENT • COLOUR CONSISTENCY

Terminology: The catalogue uses British English (trousers). For markets where buyers search “pants”, the website can include that wording in SEO metadata without changing the main brand copy.

OUTERWEAR & JACKETS

A flexible outerwear range for lifestyle, sports, uniform and work programmes.

100% Polyester Jackets Lightweight shell or lined jackets developed to buyer specification. 100% POLYESTER • FULL ZIP • COLLAR / HOOD • LINING OPTIONS	Windbreakers Lightweight woven shells with hood or collar and elasticated finishing. FULL ZIP • HALF ZIP • HOODED • COLOUR BLOCKING
Track Jackets Sports/lifestyle zip jackets with coordinated bottoms and panel options. STAND COLLAR • PIPING • PANELS • EMBROIDERY / PRINT	Bomber Jackets Fashion outerwear with rib collar, cuff and hem. ZIP FRONT • WOVEN SHELL • LINING • PRIVATE LABEL
Coach Jackets Clean lightweight streetwear-style outer layer. COLLAR • SNAP / ZIP • LIGHT SHELL • PRINT / EMBROIDERY	Lightweight Shell Jackets Simple protective-style shells developed only to confirmed material specifications. HOOD / COLLAR • POCKETS • ZIP • LINING OPTIONS
Padded / Quilted Jackets Light insulated or quilted articles where supported by approved production route. QUILTING • PADDING • HOOD / COLLAR • GILET OPTION	Fleece Jackets & Gilets Warm layering options for corporate, school, outdoor-style and workwear use. FULL ZIP • HALF ZIP • STAND COLLAR • POCKETS

Performance claims: Waterproof, breathable, windproof, thermal or protective claims are only used when the exact fabric/garment has supporting specifications or test documentation.

JUMPERS, CARDIGANS & LAYERING

Knitted and fleece layers for fashion, corporate and school programmes.

Crewneck Jumpers Classic or relaxed knitted layer for fashion, corporate and uniform collections. FINE / MEDIUM GAUGE • RIB • EMBROIDERY / BADGE	Half-Zip Jumpers Premium casual or uniform layer with stand collar and half/quarter zip. HALF / QUARTER ZIP • RIB HEM / CUFF • CUSTOM COLOUR
Full-Zip Jumpers Zip-through knitwear with stand collar or custom neckline. FULL ZIP • POCKET OPTIONS • EMBROIDERY	Cardigans Button-front or zip cardigans for school, corporate and fashion ranges. V-NECK • CREW • BUTTON / ZIP • BADGE / EMBROIDERY
Knitted Jerseys / Sweaters Crew or V-neck knitted garments for team, school, fashion and corporate use. COLOUR BLOCK • STRIPES • LOGO • RELAXED / CLASSIC FIT	Sweater Vests Sleeveless knitwear for uniform and fashion layering. V-NECK • CREW • RIB • BADGE
Fleece Half-Zips Warm casual and workwear-friendly layering. HALF ZIP • STAND COLLAR • POCKETS • EMBROIDERY	Fleece Full-Zips Practical layer for uniforms, outdoor-style programmes and workwear. FULL ZIP • POCKETS • COLLAR • BRANDING

Capability note: Knitted sweater/jumper construction may be produced or sourced through the most suitable approved route depending on yarn, gauge, quantity and design.

UNIFORM CLOTHING PROGRAMMES

Coordinated, repeatable clothing programmes for organisations and institutions.

School Uniforms Polos, shirts, trousers, jumpers, cardigans, sweatshirts, tracksuits and PE kits. BADGES • SCHOOL COLOURS • SIZE RANGE • REPEAT ORDERS	Corporate Uniforms Polos, shirts, trousers, knitwear, jackets and gilets for professional teams. EMBROIDERY • DEPARTMENT COLOURS • ASSORTMENTS

Gilets / Utility Vests Layering garments with practical pocket options. BODYWARMER • UTILITY POCKETS • BRANDING	Aprons Bib or waist aprons for hospitality, retail, workshop and service use. POCKETS • STRAPS • LOGO • EASY-CARE FABRIC

Compliance rule: Hi-vis, flame-resistant, anti-static, PPE, rainwear and other safety-regulated products are only offered with the relevant confirmed specification and documentation. No safety certification is implied by this catalogue.

BUYING HOUSE & SOURCING SUPPORT

One point of coordination for Pakistan apparel sourcing.

SOURCE • SAMPLE • FOLLOW UP • INSPECT • CONSOLIDATE

For products outside the most suitable direct manufacturing route, RASIKH can support buyers as a sourcing and coordination point through appropriate partner suppliers. This service is designed for buyers who want a single contact for product development and follow-up across multiple apparel categories.

Service	What RASIKH can coordinate
Buyer Brief Review	Product references or tech packs, target quality, quantities, target price, destination and timeline.
Supplier / Factory Matching	Identify suitable manufacturing routes for the product category and order profile.
Fabric & Trim Sourcing	Coordinate material, zips, buttons, labels, packaging and other components.
Costing & Quotation	Collect and compare commercial offers against the approved brief.
Sampling	Manage sample requests, revisions, buyer comments and approvals.
Production Follow-Up	Track key milestones and highlight delays or specification issues.
Quality Coordination	Arrange agreed in-line, final or pre-shipment checks.
Packing & Assortment Review	Check labels, barcodes, colour/size ratios, folding, polybags and carton markings.
Consolidation Support	Coordinate multiple product categories or suppliers where practical.
Shipment Preparation	Support packing lists, buyer instructions and freight-forwarder handover.

Transparency: Items managed through a buying-house route are sourced/managed through partner factories. They should not be represented as manufactured in-house unless that is factually correct.

FABRIC & MATERIAL OPTIONS

Know your fabric - choose material around product, season, performance and target price.

Material family	Examples	Typical applications
Knitted Cotton & Blends	100% cotton, CVC, cotton/poly, single jersey	T-shirts, casual tops, kidswear, selected uniforms.
Piqué	Cotton or blends to specification	Polo shirts, uniform polos, smart-casual tops.
French Terry	Cotton-rich or blended	Hoodies, sweatshirts, joggers, premium casualwear.
Fleece	Brushed knit constructions	Warm hoodies, sweatshirts, joggers, fleece jackets.
Poplin	Cotton or blends	Casual shirts, uniforms, light woven tops.
Oxford Cloth	Cotton or blends	Structured casual shirts and uniforms.
Twill	Cotton, stretch or poly-cotton	Chinos, cargo trousers, overshirts, uniforms, workwear.
Linen / Linen Blends	Linen, cotton-linen and related blends	Cuban collars, summer shirts, linen trousers.
Viscose / Rayon Wovens	Drapey woven fabrics	Printed shirts, resort and warm-weather styles.
Suiting / TR-type Blends	Buyer-defined formal woven materials	Dress trousers and corporate uniforms.
Polyester Woven Shells	100% polyester or buyer-defined blends	Jackets, windbreakers, track / uniform outerwear.
Canvas / Heavier Wovens	Cotton or blends	Overshirts, utility garments and selected workwear.

Fabric note: Materials shown are sourcing and development directions, not a promise that every fabric is continuously stocked. Composition, weight, shrinkage, colourfastness and performance should be confirmed against the approved specification.

OEM, PRIVATE LABEL & CUSTOMISATION

Your design. Your brand. Your labels. Your packaging.

Area	Options / development directions
Design & Fit	Buyer tech packs, reference garments, regular/slim/relaxed/oversized/loose-fit development.
Colours	Buyer colour reference or Pantone direction subject to material and order quantity.
Construction	Collars, cuffs, ribs, plackets, pockets, panels, waistbands, linings, zips, buttons/snaps, drawcords.
Printing	Screen print, DTG where suitable, heat-transfer or sublimation where suitable and confirmed.
Embroidery	Logo embroidery, flat embroidery, puff/3D where suitable and supported.
Labels	Woven labels, printed labels, neck labels, size labels, care labels.
Retail Details	Hang tags, barcodes, stickers, size stickers, ticketing.
Packaging	Folding, polybags, custom bags where supported, carton assortment, branded packaging.
Uniform / Workwear	Badges, department colours, pocket layouts, reinforcement and repeat size/colour programmes.

HAVE A DESIGN OR TECH PACK? SEND IT FOR SAMPLING, COSTING & DEVELOPMENT.

QUALITY CONTROL - EACH STITCH MATTERS

Quality is checked throughout the product journey, not only at the end.

Quality checkpoint	What is reviewed
Stitching	Straight seams, consistency, skipped stitches, loose threads, seam workmanship and product-specific construction.
Measurements	Key points against approved specification and tolerance.
Fabric / Material	Visible defects, holes, stains, shade lines, texture and surface issues.
Colour Consistency	Panel-to-panel and lot consistency against approved reference where applicable.
Print / Embroidery	Artwork, placement, appearance, loose threads, edges and product suitability.
Trims	Zips, buttons, snaps, labels, drawcords, elastic, rib, lining and product-specific components.
Uniform / Workwear Details	Badge placement, pocket layout, colour coding, reinforcement and specified functional details.
Finishing	Thread trimming, pressing, cleanliness, shape and presentation.
Packing	Size/colour ratio, quantity, labels, stickers, folding, bags and carton markings.
Final / Pre-Shipment	Final checklist against approved order and shipment readiness.

QUALITY IS IN THE DETAILS.

HOW WE WORK

Two clear routes: direct manufacturing or buying-house sourcing.

Manufacturing Journey

Step	Stage
1	Send design / tech pack / reference
2	Fabric, trims & costing
3	Sample development
4	Sample approval / revisions
5	Bulk production
6	Quality inspection
7	Packing & shipment preparation

Buying House Journey

Step	Stage
1	Send sourcing brief
2	Source / shortlist manufacturing route
3	Costing & sample coordination
4	Buyer approval
5	Production follow-up
6	Inspection / packing verification
7	Consolidation / shipment coordination

What to send for a quotation

- Product image, sketch, reference or tech pack.
- Fabric / composition / GSM or weight target if known.
- Colours and size range.
- Print, embroidery or branding artwork.
- Estimated order quantity and size ratio.
- Labels, hang tags, barcodes and packaging requirements.
- Target price if applicable.
- Destination and required delivery window.

Pricing: New woven, outerwear, uniform, workwear and buying-house products are quoted individually. Prices depend on the exact specification, quantity, material, trims, branding, packing and production/sourcing route.
